CARE & MAINTENANCE

Machine wash in warm water with a mild, pet-safe detergent.

DO NOT use bleach.

Tumble dry on low heat, or hang to air dry.

For indoor use only.

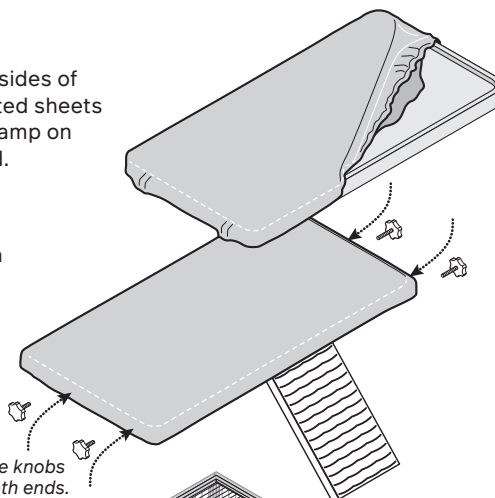

DO NOT use or store near heat or flame.

Routinely check article for wear, and replace if torn or damaged.

HOW TO INSTALL

Pull the fitted covers over the sides of the platforms as you would fitted sheets over a mattress. Replace the ramp on the platform, if it was removed.

If you have knob-attachment style platforms, carefully use a pointed object (ie: pen, pencil, scissors) to poke starter holes through the fabric at each knob position.

Poke starter holes for the knobs through the fabric on both ends.

For tab-style platforms:
When replacing the covered platforms into the cage, do not uncover the platform tabs. Push the covered tabs down over the horizontal wire and trap the fabric between tab and wire. This will give additional hold to the covers and help them stay in place.
