KEY:

LP = Left Panel BP = Back Panel
RP = Right Panel FP = Front Panel
R = Roof B = Base

Connectors
8 pcs (+1 spare)

Clips
2 pcs

Corners
4 pcs

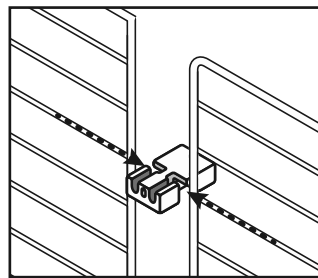

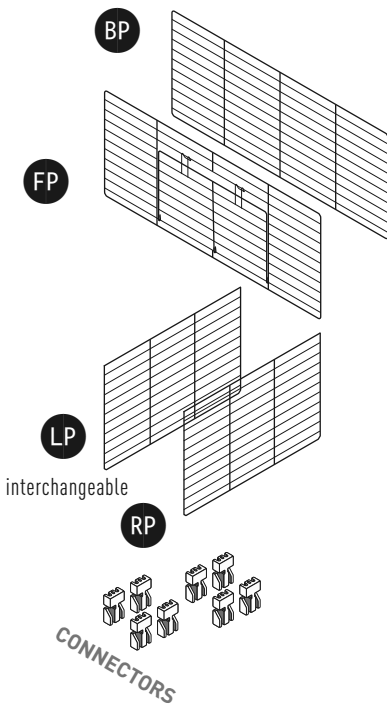

These pieces are interchangeable:

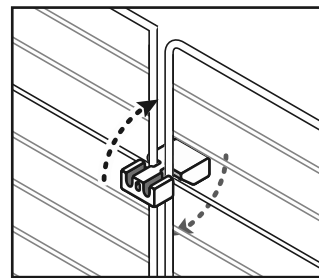

LP = RP

ASSEMBLY

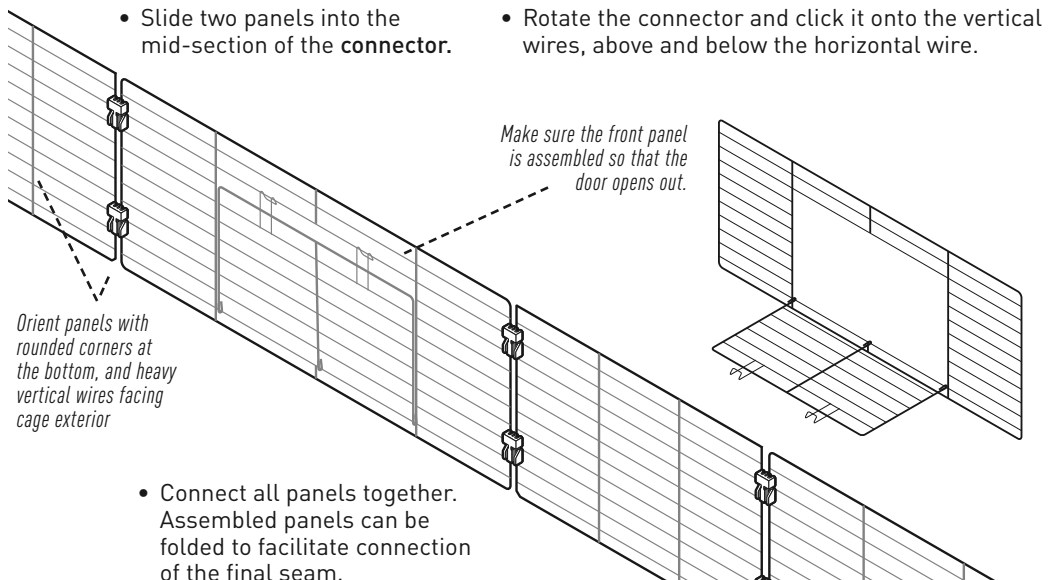

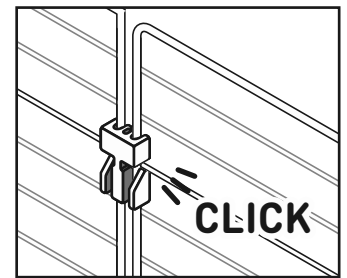

1 PIECES

• Slide two panels into the mid-section of the connector.

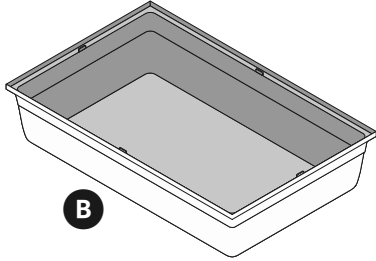

• Rotate the connector and click it onto the vertical wires, above and below the horizontal wire.

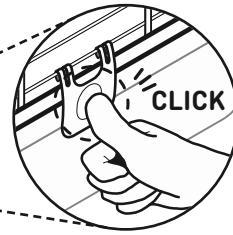

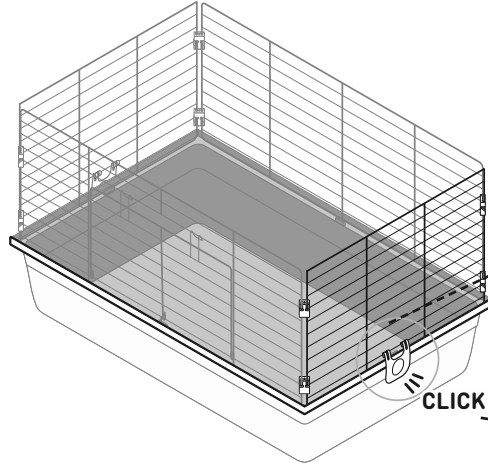

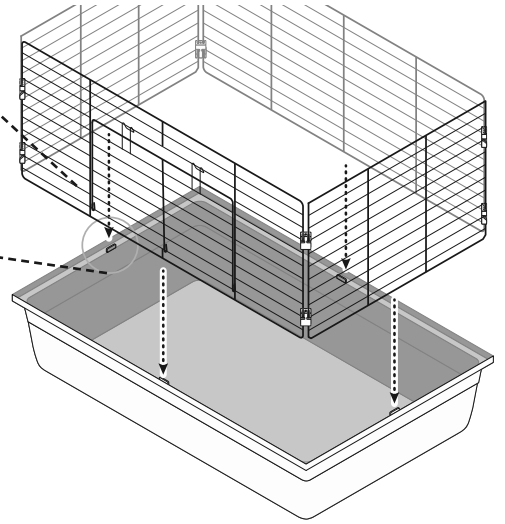

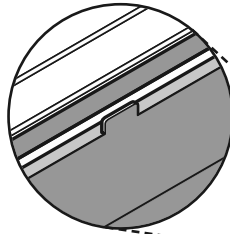

• Connect all panels together. Assembled panels can be folded to facilitate connection of the final seam.

2 PIECES

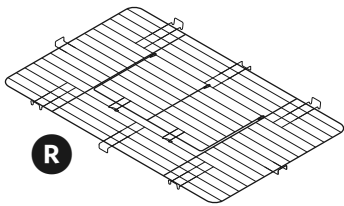

Add the assembled cage body to the **base**, making sure the bottom wires are placed between the rim and the inner tabs.

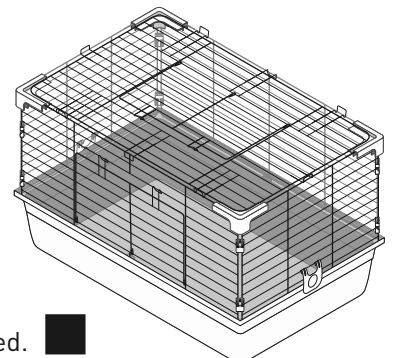

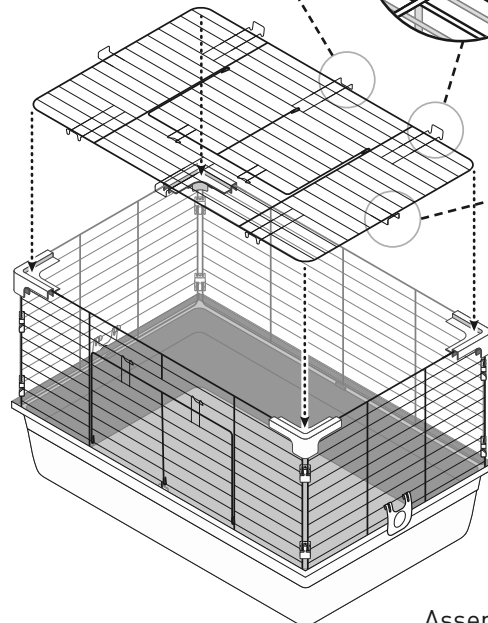

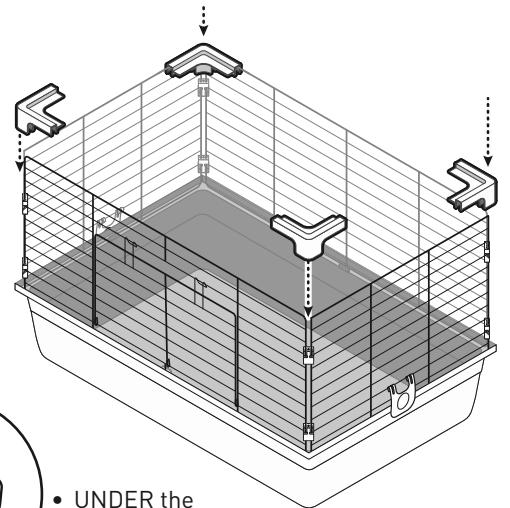

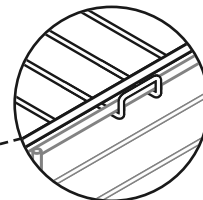

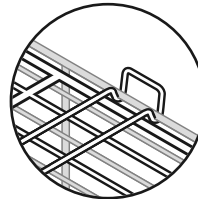

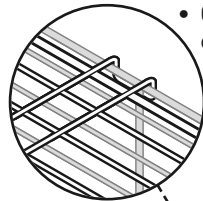

Hook the **clips** onto the side panels and click them onto the rim of the base.

3 PIECES

Insert the **corners** over the seams of the cage body.

Place the **roof** on the corner connectors, arranging the extended wires as detailed:

Assembly completed. ■
