

# Rabbit Playpen

Covers Models:  
# 460 (Small) / # 461 (Large)

## read first

REVIEW BEFORE ASSEMBLY

**BEFORE PROCEEDING, make sure you have purchased the correct Playpen for your Hutch.**

- Assembly steps and hardware are the same for both playpen models. Parts differ in dimensions only.
- Tools are required for assembly. See below.
- For best results, follow steps in order.

- Please follow the CARE ADVISORY to maintain product longevity.

For assistance or replacement parts, please contact Prevue Pet Products:

**PHONE** 312.243.3624

**ONLINE** [www.prevuepet.com](http://www.prevuepet.com)

**EMAIL** [customerservice@prevuepet.com](mailto:customerservice@prevuepet.com)

### CARE ADVISORY

To maintain the longevity of your purchase, we recommend that you periodically treat it with a non-toxic sealant and protect it with a tarp or other covering during extended periods of inclement weather.

### TOOLS REQUIRED

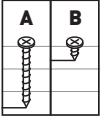

- **Phillips-head screwdriver** for all screws; if a power drill is used, do not overtighten—Prevue is not responsible for this type of damage.

### ALL HARDWARE IS INCLUDED

#### KEY TO HARDWARE SYMBOLS

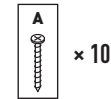

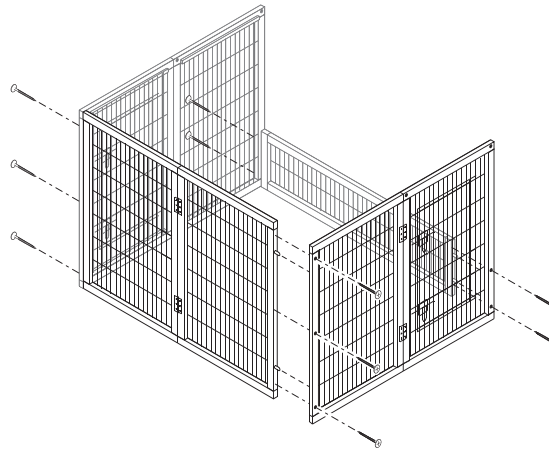

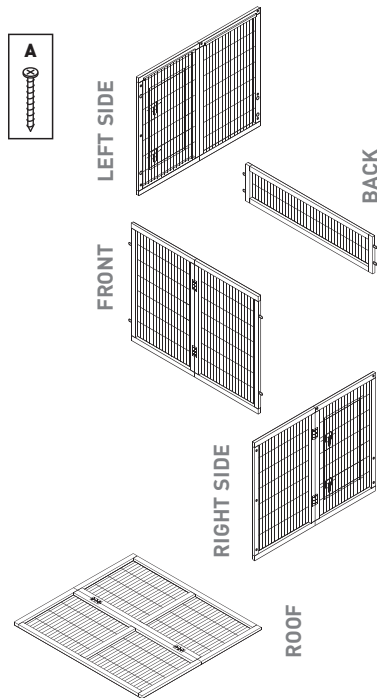

A = 2 3/4" wood screw

B = 5/8" wood screw

## 1 To assemble your PLAYPEN, you will need these pieces:

Fully open all panels.

Wood pegs, preset in the front and back panels, will align with predrilled guide holes on the side panels.

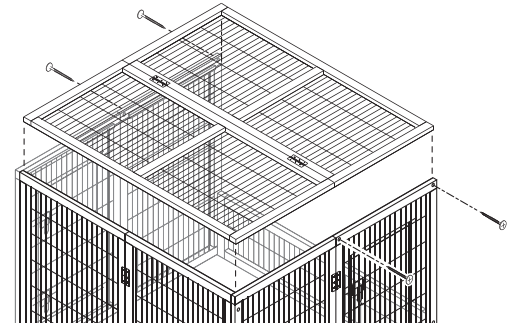

Align the wood pegs with the guide holes, press the panels together, make sure the seams are snug and tight.

Attach the panels together with **[A]** wood screws, using the predrilled starter holes as guides.

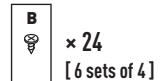

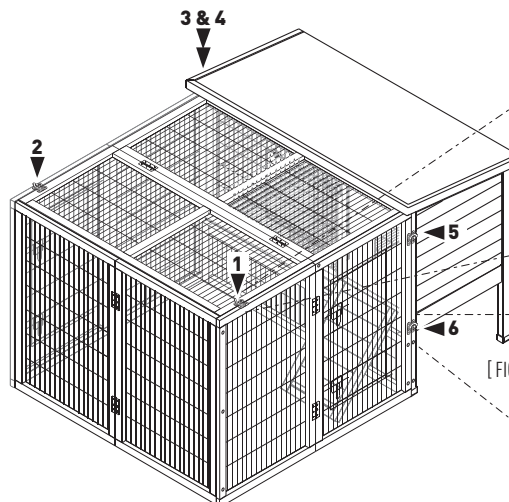

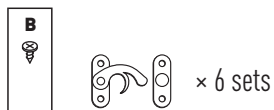

On the inside lip of the panels is a wood rail. Set the roof in place onto these rails.

Attach the panels together with **[A]** wood screws, using the predrilled starter holes as guides.

## 2 To mount C-HOOK LATCH HARDWARE and attach the Playpen to your Hutch, you will need these pieces:

Note: All brackets will be mounted with **[B]** wood screws. There are no predrilled starter holes.

**ROOF LATCHES (x2):** Lay the C-Hook hardware in place before attaching. The bracket with the C-Hook should be on the outer edge, facing in [see Fig. 2.1]. Mount the C-Hook bracket first. Place the receiving bracket next to its partner, test the C-Hook alignment, then mount the 2nd bracket.

[FIG. 2.1]

**HUTCH LATCHES (x4):** Place Hutch and Playpen on a level surface. Mount the bracket with the C-Hook on the Playpen edge [see Fig. 2.2]. Place the receiving bracket next to its partner, test the C-Hook alignment, then mount the 2nd bracket.

[FIG. 2.2]

Two latches on each side. Test each one after mounting.
